# A Passion for Contemporary Design and Art

## INTERIOR DESIGN

Toby Zack

Plantation, Fl

954.967.8629

## PHOTOGRAPHY

Dan Forer, Miami, Fl.

The contemporary designs of Toby Zack and the owner's vibrant art connection created a posh spirit to the home in Royal Palm Beach County Club, Boca Raton, Florida.

The couple lived for many years in a luxury ocean front condo. After deciding to move to a home, they knew exactly what they wanted. Their dream house had to be on one level, 3500 to 4000 sq. ft., four bedrooms, and an open floor plan and needed to have big windows to create light and brightness. Built in 1995 is one of Boca Raton's finest neighborhoods. This house fit all the desired criteria's.

The couple hired Toby Zack Designs, long considered the best for contemporary design in South Florida to create a sophisticated interior, design the patio area and changes to the front entry to achieve this goal.

- CONTINUED ON NEXT PAGE -

Working with her design team, Denise Pernarella, Jose Arango and Toby selected and created pieces that resulted in a contemporary, one of a kind home much as she has done for years in Florida, Canada and South America. The home was renovated from top to bottom starting with a new roof, impact glass windows, fresh landscaping, travertine tiles and a new summer kitchen for the patio.

The interior was treated by removing the faux fireplace, sanding and sealing the original travertine floors. Quartz replaced granite in the kitchen and the master bath was completely redone. The owner says she loves the house more than ever and is excited every time she walks in. Toby designed a fabulous living room scene with a custom made A. Rudin white sofa and four wood framed chairs all covered in high quality Sunbrella fabric. The homeowner says "Everywhere you sit is extremely comfortable" I chose Sunbrella so we did not have to worry the dogs, grandchildren and even a red wine spill.

The art is featured prominently in this room and throughout the house. The oil canvas "Gigi" by artist Nguream is a living room focal point for its size and vibrant colors. Other artwork includes a figurative sculpture by Lawrence Feir and a Pion Sigaretto glass sculpture purchased at Murano in Venice by the couple. The small table of ebonized Asti with bronze legs is by Antoine Provix from J. Batachelor.

(above) Toby designed a custom made bar with open wall storage. Leather barstools by Pellizeoni from The Toby Collection. Custom made chairs and a sofa from the Toby Collection is covered in Sunbrella fabric.

(Left) Toby designed a media area where family and friends can meet in a friendly, relaxed atmosphere. The custom sofa and chairs are from The Toby Collection covered in Sunbrella fabric. The 96" sofa back table in fine grain oak from The Toby Collection is a subtle room divider. The leather ottoman is from Edelman Leather. The organic painting "Waterway" by Miguel Reves accents the informality of the space.

**Y**our color scheme is a vital part of your home's interior design. Colors can evoke very specific emotions and set incredibly particular moods, which is why choosing the right combination is all-important for achieving your desired effect. Some palettes are more effective than others in creating distinct atmospheres, so let's have a look at a few of our favorite, effective color combinations.

COVER STORY

## *Using Color to Transform Your Space*

Interior Design: Decorating Den Interiors - DezinerTonie, LLC

Text: Decorating Den Interiors - DezinerTonie, LLC

**T**he elegant dining room featured above evokes calm, happy and welcoming emotions. The open windows accented with soft drapery let all of the glorious sunlight in so these clients can enjoy making happy memories together as a family. The chandeliers bring an elegance to the space, along with the accents of gold on the velvet dining room side chairs. The fabrics in this dining room help to style a neutrally colored space with dual textured chairs that offer color and a comfortable yet elegant feel. Think of the elements, textures, fabrics and shapes you love best from your favorite interior design styles and bring them together cohesively in one space. This is exactly what you'll see in the exciting and bold design of the living room on the right. Touches of classic, elegant decor such as the chandelier and coffee table paired with the modern design of the accent chair and sofa create an exciting space to entertain in! Brighter and more vivid colors like orange and blue create a fun and lively atmosphere, so don't be afraid to add those bold colors to your space!

- CONTINUED ON NEXT PAGE -

An all-white kitchen has been one of the most highly sought after designs for many years, however this trend is slowly fading away. Many clients are shifting toward bold cabinetry, natural elements, patterned wallpaper, and colorful seating. Although this kitchen features all white cabinetry and backsplash, personality is added to the space with a rustic walnut finished island, antique brass chandeliers, and blue upholstered barstools. The various finishes chosen in this design brings contrast and uniqueness to the space.

- CONTINUED ON NEXT PAGE -

Today, we see black emerging as a timeless classic, bringing sophistication and elegance to a space, as we see in this custom bar and entertainment space. Black is a transformative color, and it can bring drama and excitement to a space. The geometric wallpaper used on the bar wall becomes the magnetic center of this space. The accents of gold in the hardware, faucet, and chandelier bring an opulence to the space that exudes sophistication and elegance. Contrast and texture are brought into the space in the maple wood flooring, sleek lines on the barstools, and various fabric textures in the sitting area. When using bold colors in your space, balance is key. When black is artfully combined with other colors, textures, and finishes, it can transform your space into a stylish, inviting space. These clients will undoubtedly impress their guests when they enter this entertainment space!

- CONTINUED ON NEXT PAGE -

The pairing of blue and white is a strong union that's still soft on the eye. It's clean and fresh, and it can be combined with other neutral tones and natural elements to create some depth or soften a kitchen's overall look. This coastal decor is reminiscent of Florida's beautiful sand and sea. The white cabinetry is paired perfectly with a soft blue backsplash and a brighter, yet still soft blue painted island. The barstools bring in the natural element of weathered wood. The cool tones in this kitchen pair well with stainless steel appliances in the space. Coastal design works especially well in areas that maximize natural light, creating breezy, crowd-pleasing spaces with a fresh Florida feel!

A large, covered outdoor patio area with a fire pit, seating, and a view of a tropical landscape. The patio is enclosed by a white pergola with a dark tiled roof. In the foreground, a dark grey fire pit with a blue and white patterned fire bed is lit with a bright orange flame. To the right, a dark grey sectional sofa with blue and white patterned pillows sits on a light-colored tiled floor. In the background, a dining table with wicker chairs and a kitchen area with a stainless steel range hood and a wall of mosaic tiles are visible. The overall atmosphere is warm and inviting, with a mix of natural and modern elements.

With summer quickly approaching, it is time to transform your outdoor space to create a vibrant area for summer entertainment! Embrace the concept of an outdoor kitchen and elevate your back patio into a fun Florida retreat. Consider adding a grill, or even a kitchen nook complete with running water under a charming pergola. Add a firepit for cozy nighttime entertainment and fun. Soak up all of the beautiful Florida weather with friends and family by transforming your outdoor space. These clients brought in blue and green tones to this outdoor space, which translates into a calming space that all of their guests can enjoy. You'll notice that textures and natural elements were also brought into this design to provide contrast and depth.

If you're looking to transform your space with color, hues of blue are a great choice for many reasons. Blue is a very versatile color, a very dramatic blue can bring a strong, dramatic flare as you see in the stunning pool seating area pictured on the left. The various tones of blue featured in this space bring in the beautiful element of water combined with the firepits to bring the drama and flare to this special space.

A bright blue brings in an electric pop of color, as shown in the cheerful living area pictured on the bottom left. The combination of blue and white in this space is one of our favorite combinations. This color combination is sure to bring in the maximum amount of light to your space. The color blue absorbs the least amount of light in a space, which makes it pop. When combined with white, it creates a space that is lighter and brighter than before! These clients wanted to evoke a feeling of fun and happiness, so blue and white was an easy choice for the color scheme. Pulling in different shades of blue created an exciting contrast that made this entertainment space anything but boring. A perfect space to enjoy everything Florida has to offer!

A light blue can bring calmness to a space, much like the primary bedroom featured in the photo below. This bedroom features the perfect touch of aqua blue to evoke a calming, restful feeling in the space. It is paired with a variety of neutral colors and textures, which creates a timeless design that the client's will enjoy for years to come.

Whether you are transforming your living area, bedroom, dining room, or outdoor space, the color scheme will be the center of your design approach. This can often be overwhelming when deciding on the perfect design for your space. If you're ready to transform your space using the perfect color scheme, contact Deziner Tonie today for your complimentary in-home consultation!

# Transitional Design that Transcends Expectations

DESIGNED BY  
Rob Feinberg ,CKD  
Certified Kitchen Designer  
Allied Kitchen and Bath  
Ft Lauderdale , Fl  
alliedkitchenandbath.com

PHOTOGRAPHY BY  
Darryl Nobles , Dream Focus  
Photography

When asked to reimagine the kitchen and dining space for a client, Rob Feinberg, a Certified Kitchen Designer at Allied Kitchen & Bath knew that a transitional design would elevate the space and complement the client's lifestyle.

His vision began with broader open spaces to allow for more appliances and amenities to entertain guests, and a brighter palette to create a welcoming space. Remodeling can be difficult, however working with Allied Kitchen & Bath is your key to a successful project.

Existing flooring needed to be considered, as this was part of the full downstairs flooring . Walls that were removed, and soffits remodeled, needed to be modified to work with these existing conditions. Codes for venting needed to be taken care of as it's more than just a pretty hood, but access needs to be addressed.

He replaced the lower seating that was built into the original island and replaced it with a bold, larger island where more people could convene around. The island was built with a unique white porcelain that brightened the space, and set the

tone of the entire kitchen. Subtle yet clean lines throughout the design followed the flow of the island and helped create a more cohesive look, while still allowing ample space throughout the kitchen for guests to move about.

An impressive and unique highlight, and quite a showstopper, is the hood. It was created from the same porcelain used in the counter tops and shelf installations. Custom paints highlight the space, and a brighter blue accent tile provided a welcomed pop of color and calming aesthetic.

To accommodate the client's love for entertaining, Feinberg designed several features that would wow any visitor. From, lit cabinets and glass accents, a wine fridge and built in bar area, and a high-end specialty range, to a dual refrigerator freezer column and stacked speed and traditional ovens, every element was intended to help the host not only make the space functional, as well as impress her friends and family with ease.

- CONTINUED ON NEXT PAGE -

Additional amenities included extended cabinets to provide storage, a mixer shelf cabinet, pull out trash cans, and pull-out spice rack and utensil rack on either side of the range – all of which fully extend and are soft close doors and drawers.

Additionally, special care was taken to maintain the integrity of the existing wood floor and Feinberg was able to repurpose the paneling to accommodate the new design around the wall and island.

The result was a beautiful representation of transitional design, a bright and welcoming space, and a very happy client. Allied Kitchen & Bath is a family owned and operated home remodeling business celebrating 40 years of service and success. Feinberg and the dedicated team at Allied are always committed to putting the client first and welcome new clients and industry partners to visit their expansive showroom in Fort Lauderdale.
