# AN EXTRAORDINARY DAVIE HOME WITH AN OPULENT FLARE

INTERIOR DECORATING Goode Interiors, inc.

BUILDER Greenovate Builders, Davie

Sherri Goode's goal was to take the interiors of this 11,430 s/f floor plan, featuring 5 bedrooms, 7 bathrooms, a fully equipped gym, theater and the 2nd floor that features arcade games, a custom poker table, bar and pool table. A true "MAN CAVE" and turn it into a "warm, cozy, yet elegant, functional environment" for her clients and their two gorgeous Siberian Huskies, Kodi and Kalli. A home that they could truly call home. The overall Motif is Transitional in nature and required much needed attention to fulfill the clients expectations.

The "Formal Living Room" had to be spectacular, says Goode! It is the main focus when entering into the home. The views are spectacular from every room. A myriad of finishes such as mother of pearl and mirror mosaics were used to create a detailed look throughout the interior. This open floor plans allows for great entertaining. The feature wall consists of abstract art work flanking the center applied box molding covered in a black geometric suede wall paper from Europe. White and silver root balls are suspended in a snakelike pattern. This backdrop gives the space a warm and eclectic feel. The sofa and swivel chairs were custom made in a luxurious fabric. The 85-light crystal Maria Theresa chandelier is the "STUNNER" in the room provided by Pierre's Fine Art Lighting. It is suspending from a 27' coffered ceiling that reflects into the custom diamond beveled master piece mirror over the fireplace. The window treatments drapes from underneath the crown molding and are comprised of a silk black and gold jacquard velvet with a six inch puddle. Opulence is no doubt, the vibe throughout.

The "Family room, Kitchen and Breakfast" area is a very important space in this project. It had to accommodate the needs for seating a large family and friends. This open floor plan allows for this to take place. . Paying attention to details is a great reflection of the client's personality and style . This task was paramount for Sherri Goode to achieve. The lighting in this space was first to make a statement. Each of these areas have coor-

inating Modern crystal glass pendants. The motorized window treatments wrap around the room to create a warm feel. The L-shaped sectional sofa is motorized and is made from Swedish hides in a dark brown Elmo leather . The custom swivel barstools wrap around the kitchen bar which is centrally located in this floor plan.

**-CONTINUED ON NEXT PAGE -**

As you enter the dining room you are mesmerized by what you see. The custom dining table is 164" x 56" in size. It is comprised of two silver root marble slabs with a double ogee edge. This is a true "one-of-a-kind" beauty. This marble top sits on top of a multiple custom Corinthian column wood base. Two Maria Theresa 25-light crystal chandeliers in a chrome finish are strategically placed over the dining room table. The walls are adorned with a European soft suede wallcovering based on the unique structure of the ancient skin of a Dwarf Rhino's body. The custom wood China cabinet houses 10 pieces of Lalique crystal which is the ultimate symbol of French luxury. The custom diamond, 1/2" bevel cut mirror is the perfect accent for the built in China cabinet. The twelve dining room chairs are covered in cut velvet with a coordinating faux skin seat. The host and hostess chairs are slightly larger.

The master bedroom, a true space that emits opulence! A 24 light custom golden diamond crystal chandelier is centrally located in the space which creates a "Wow" factor. The mirrored Marge Carson bed gives the bedroom a touch of class. A custom drapery crown molding pocket wrapped around the room housing the ripple fold window treatments. The shag rug adds softness and texture to the space to emit warmth.

The Custom Theater is a True Man Cave ...A great escape. This theater was designed by Frank Escobar of CSI Sound Theater Designs and Topia Enterprises. This theater is fully equipped with the top of the line equipment, sound and acoustics. The four polished chrome, 72" long torchiere sconces flank the 4 wood columns in the theater which is a perfect accent against the dark stained wood providing a "WOW" factor!

This bar is "Spectacular". The real definition of a Man cave. A place where Goode's clients' can entertain. Wood work was built by Topia Enterprises and occupies the west side of the 2nd floor of this home. The agate stone is lit up with LED grid panels. Barware and collectables are provided by BG Gear co. and are incorporated in the upper glass front cabinets. This large space encompasses a poker game table, arcade games by Player One Amusement and A cantilevered pool table built by Billiard's by Brant. What more can one ask for?

The outdoor patio is the ultimate space for Goode's client's to relax. The seating area is a perfect spot for gathering around with family/friends or for some "Me" time. The

patio furniture is versatile in nature and can be used for indoor or outdoor settings. The pouf collection acts as floats in the pool or for lounging on the patio deck... This timeless contemporary design is just what the doctor ordered.

The common theme used throughout the interior was accomplished by using multiple textures, with warm tones that has reflective and shimmering finishes on the walls. The combination of these finishes emitted warmth and an opulent feel within the space that provided the level of luxury and sophistication my clients desired. My client's can be described as genuine, down-to-earth, unpretentious in nature with True impeccable taste. True Class Acts!
