# DESIGNING GLAMOUR FROM THE TOP

## Las Olas Downtown Penthouse Condo

Interior Design by Perla Lichi Design

Living at the top can provide one of the most spectacular city backdrops when living in a penthouse condo. With a tremendous view of both the city, sunrise and sunset, it's important to create a glamorous yet cozy sky-like atmosphere as you enter the home. For this reason, Perla Lichi used her magic touch of choosing colors such as grey, blue and white hues with white light, a mix of silver metals along with a main blue color palate mixed with the rugs and accent pillows to framed colors within the sky view. Features such as captivating modern lights and LED accent lighting along with a blue "Sici" glass backlit wall provides a living room center art focus of blue and white to compliment the comfortable city living design. Throughout the floor space, grey porcelain tile floors keep the look neutral and clean.

Since the living room, dining room and kitchen are all captured in one view, Lichi basis her design stemming from the main living area with a grey, white and blue hues as the foundation. This also extends naturally to the kitchen and dining room. The living room features an inviting pale grey sofa with accents of blue in the large area rug. She adds both metal and glass accessories to enhance the two main statement artwork walls and cozy grey throw rugs. Topping off the living room features an elegant whimsical yet modern lighting fixture.

-CONTINUED ON NEXT PAGE -

Within the all-white kitchen, the barstools use a white seat back to compliment the white elements and the metal with glass lighting pendants. Lichi adds a decorative grey panel feature on the lower bar mixed with a white cabinetry to enhance the kitchen design.

The dining area, adjacent to the living area features an ultra-modern glass chandelier and a circular decorative wall mirror fixed upon a pale blue wall. Blue glass and silver metal accessories enhance the dining area along with modern artwork. The outdoor view and lighting provides a cast of natural color as a backdrop to the glass and metal base dining room table with alluring ultra-modern white seating. This is where function and ultimate design meet simplicity.

Enter the Master Bedroom as Lichi continues with the color palate flow of mostly white, grey and silver metals featuring a glamorous elegant chandelier with white and grey as the main focus from the bedding, throw rugs, accent pillows, wall paper and sheer white curtains to frame the floor-to-ceiling windows. With the room, an oversized textured white chair provides a seating area to enjoy the picturesque city view.

- CONTINUED ON NEXT PAGE -

Leaving no details left behind with the Lichi touch, all areas of the home including the city view home office, which is a departure from the main color scheme with patterned brown and tan chairs. The core piece features a black marble desk with a metal base along with a white desk chair. The room includes a frameless modern wall white canvas with three men in black suits with a hint of grey, red and blue.

*Perla Lichi is known as today's best "multicultural designer," focuses on designing each residence uniquely – one-of-a-kind rather than sticking to a standard style. For over 40 years, Perla Lichi Design is a full-service Florida State-licensed professional interior designer, and a professional member of the American Society of Interior Designers (ASID). Perla Lichi Design is known to create spaces based on individual style.*

## Contemporary Art Gallery Reopens Within the Historic Boca Raton Luxury Resort Hotel & Boca Beach Club

By DC&A Staff

Sponder Gallery's newly renovated Contemporary Art gallery at the recently remodeled luxury resort hotel & Boca Beach Club, "The Boca Raton", opens its doors to much anticipated fanfare with a selection of new Contemporary Art, its new space, and new location within the gorgeous grounds of this historic site.

"The Boca Raton" Luxury Resort Hotel & Boca Beach Club reopened its doors in January 2022 after completing a \$200 million renovation and remodel. The Florida site now features grand architecture designs, lush grounds, hidden gardens, 294 guest rooms & suites, and Sponder Gallery's newly remodeled Blue-Chip Contemporary Art Gallery. Sponder Gallery has called this Members Only Luxury Resort home for over the last decade, providing a unique and immersive experience for the resort's guests and club members with rotating art exhibitions, sculpture installations, and public art displays.

Although the COVID crisis delayed many projects throughout the United States, it allowed Sponder Gallery and its staff to reevaluate, refocus, and reflect on the almost 40 years of gallery business; all the while making preparations to launch with full force into the

New Year, as the resort opened its doors after the extensive upgrade.

Deborah Sponder began her art career as a private dealer in California in 1983. Twenty years later, she joined her mother, Elaine Baker, in Boca Raton as a partner at Baker Sponder Gallery (est. 1989). In 2013, Sponder Gallery emerged with a strong presence in the international art fair circuit.

Offering a stellar roster of established and mid-career artists, Sponder Gallery has led a renowned charge of leadership in the Contemporary Art World with over 200 blue-chip art exhibitions. Notable one-person exhibitions have included Contemporary Art Masters like Frank Stella, Lynn Chadwick, Friedel Dzubas, Dan Christensen, Donald Martiny, Johan Creten, Michael Halsband, William King, Ernest Trova and Boaz Vaadia.

As a member of the Fine Art Dealers Association (FADA), Sponder Gallery focuses on post-war and contemporary paintings and sculpture, while maintaining an inventory of strong secondary market work.

As a member of the Fine Art Dealers Association (FADA), Sponder Gallery focuses on post-war and contemporary paintings and sculpture, while maintaining an inventory of strong secondary market work. "Artists who display innovative techniques and a unique approach to materials are paramount to the gallery's aesthetic", says Beverly Cuyler, Gallery Director. "Which is why we are now showing works by Contemporary Artist, Gabriel Delgado."

Delgado, a Florida-based and Boca Raton artist creates conceptual artworks that explore hypothetically solvable mathematical equations using words, numbers, and symbols; an innovative technique that brings to light the elegance of numerical and text-driven logic via an expressive scientific chalkboard aesthetic. Exploring themes like Love, Lust, and Desire, the artist breaks down these universal emotions into mathematical statements which read more like word puzzles than common core Algebra.

"I use words - their meanings and history as the core compositional components in my artwork. As I research this information, I build out a long division math problem. Using the order of op-

In addition to only exhibiting artists, Sponder Gallery also offers personalized support and consulting in all aspects of art collecting and art appraisal services. Their highly trained and special-

eration rules (commonly referred to as PEMDAS), I decipher and assign a certain amount of logic to the linguistic breakdown of the chosen terms. As an artist, I create a systematic and coded vernacular that can be easily understood if you make time for the art; study it, and be open to exploring the message," says Delgado.

ized staff provides exceptional insight on the museum-quality works for acquisition, while adding an educational and cultural enhancement for their visitor experiences. Sponder Gallery reopening is slated for April 1, 2022. For more information on Sponder Gallery, please visit [www.spondergallery.com](http://www.spondergallery.com) or call 561.241.3050.
