BY DESIGN

TIMELESS ELEGANCE AT OCEANA BAL HARBOR

DESIGNER Steven G, Pompano Beach

PHOTOGRAPHY Barry Grossman

TEXT Lisa Ricci

Inspired by elegance and grandeur, an Interiors by Steven G trademark, this sanctuary of relaxation and timeless design is exactly what the homeowners of this Oceana Bal Harbor condominium dreamed of.

When designing this sprawling empty unit, we presented a design option for privacy with a black wenge screen, allowing light and semi privacy from the dining and the grand living area. While sitting in the dining area the privacy screen allows the amazing views of the ocean to still be seen.

"The unit was delivered to us raw, says Steven G., and per the homeowners' direction, we were to create a timeless, elegant home sparing no expense". The ceilings were dropped, allowing the design team to create an electrical plan with recessed lighting. Neutral furniture fabrics were imported from France and Italy, which compliment a stunning silk area rug that rests ever so elegantly on the Italian porcelain floor. A custom-designed coffee table constructed of wenge, painted wood and glass complement the privacy screen and tying in the design by adding a touch of dark wood.

While sitting in the dining area the privacy screen allows the amazing views of the ocean to still be seen. Callallies were an inspiration for the dining room custom hand blown glass light fixture complemented by a Callallie floral arrangement. Carrying the neutral tones into the dining area, Diane Levi, interior designer was determined to not lose focus of the surrounding ocean views. “Ocean views are the main reason anyone purchases such a spectacular unit and I wanted to ensure the design was not going to take away from that”, says Diane. The team used the a neutral custom lacquer table and ultra-suede dining chairs, creating a classic, elegant look.

The master bedroom was designed both with a feminine and masculine touch. The light shell pink tufted-designed headboard shows a softer touch while the wenge nightstands reflects a masculine feel. All are complemented by hand-made crystal pendants that reflect off of the mirror behind.

Just to the other side of the dining room is a massive kitchen area (ABOVE), which features a white quartz island with seating for two... perfect for an intimate casual breakfast and coffee. The artwork brings in just enough color to complement the neutral tones. The kitchen table was designed with a gold base and round glass top. The contrasting wenge chair legs give just enough contrast to create a stunning area. The wood feature wall is a custom laquer finish adorned by a standing wall mirror, reflecting the views of the ocean while seated.

The sprawling master closet was designed in a black wenge with a center island for additional storage. Under cabinet and recessed lighting create a warm yet allows enough lighting for the Mr. and Mrs. of the home to dress.

The master bathroom was designed in an ever-so-elegant marble, which is seen in the flooring and oversized double vanity. The wood featured on the double vanity gives a bold, yet sophisticated feeling while in the room. The wall-to-wall mirror featured over the double vanity gives a grand master bathroom an even grandeur feel. The custom ottoman is the ultimate addition to the space, allowing the owners to sit while dressing or conveniently access a spa robe. A splash of color in the art work brings the ocean hues to the master bath.

The timeless elegance of this magnificent home designed by Steven G is a testament to his brilliant interior design talents.

- THE END -

THE DOOR FACTORY ANNOUNCES THE OPENING OF THEIR NEWLY REMODELED SHOWROOM!

Shopping for the most reliable and stylish impact doors has never been easier, thanks to the newly remodeled showroom of Oakland Park's legendary The Door Factory! Doors are probably the most important features of your house or business. They let people in, they shut out the elements. The sun shines through them; the wind sweeps against them. They are entryways and exits. And because they are so important to your life, they need to be crafted correctly, built of the highest quality materials and, above all, durable and functional.

Since 1973 The Door Factory has offered one of the largest selections of doors in South Florida. And now, their customers will have the pleasure of shopping for doors and windows in their newly remodeled showroom. What hasn't changed is the expertise, service and quality customers have been getting for the past 46 years. It's safe to say that people have bought thousands of doors from us over the years and they keep coming back because, quite frankly, after 46 years, The Door Factory staff knows the business. This is especially important during hurricane season, when the safety of your family becomes paramount. You can count on The Door Factory to provide door systems of the highest standards of construction. We live and do business in South Florida so they know all about hurricanes and because of this, they wouldn't sell an inferior product. Their best quality impact-rated door systems meet all state and local building codes.

In addition to homeowners, business owners come to The Door Factory because they know they'll supply them with a product that is cost-efficient, strong and hurricane protected by both new and replacement doors. The Door Factory is also unique in our ability to make doors of various sizes and types - no one else can do this. Big Box dealers send their customers to TDF when a door is needed that doesn't fit traditional specifications. In addition, they are the authorized dealer for the products that will be installed for you.

The Door Factory carries the complete lines of more than 30 manufacturers, including residential doors, commercial doors, interior & exterior doors and impact-rated entry doors, from basic to decorative designs. Honesty. Reliability. Professionalism. "It's our guarantee," says Lenny Cedola, owner of TDF. Call or visit The Door Factory and you'll see the difference as soon as you walk through our doors. 990 NW 36th St, Oakland Park, FL 33309, (954) 564-2834
