DREAMY BEDROOMS

DESIGN Sherri Goode, Goode Interiors, Inc. Plantation, FL 954.701.6149 PHOTOGRAPHY Daniel Newcomb he modern bed is by Ferguson Copeland and is upholstered in faux leather to coordinate with the faux leather ottomans. The oversized chests are by Swaim which allows for maximum storage and maximum design. Everywhere you turn is a spectacular custom piece of furniture. The custom bedding coordinates with the custom window treatments. The walls were finished in Venetian Plaster to coordinate with the color wash finish in the tray ceiling. Italian porcelain wood look tile was installed in a random configuration to create length and size to the master suite.

Sherri has been designing for 10 years throughout South Florida from Palm Beach to Brickell avenue, Miami. Her specialty is high-end residential projects including private homes in gated communities such as Admirals Cove, Harbour Beach, Hawk's Landing, and many more. "My goal as a designer is to create a look for my clients that is unique and special and always incorporate their needs, requests and personality into every project," says Goode.

BUILDER Robinette Homes, Plantation, FL
ARCHITECT Studio K Architects, Boca Raton, FL

In the Master Bedroom on the second floor, the owners requested a room that was filled with serenity and peacefulness. Eloise achieved their needs by designing a room not only focused on relaxation but also in beauty. The walls and ceiling are finished in white Lusterstone that shimmers in the light. Beautiful embroidered drapery and the tufted velvet upholstered bed add a touch of elegance and the loveseat makes an intimate hideaway to relax.

Eloise presently concentrates on integrating architectural interiors with interior design detailing for commercial, hospitality and luxury home installations, often working in conjunction with architects and builders prior to the project being built. Having a general contractor's experience and background to draw on, she knows not only what to expect during the scope of a project, but also how to control costs. "Getting it right from the start makes the process as enjoyable as the finished product." Expertise in planning, careful attention to the client's desires and over 30 years of professional experience enhance Eloise's broad knowledge and give the client comprehensive service.

DREAMY BEDROOMS

he most intimate area of the house is the master bedroom. Dumas kept special attention to including just the right touches that would bring a stylish feel without overcrowding. This area was designed in a color pallet of silver, light blues and creams, which create a contrast with the dark wood floors and the dark wood furniture pieces. The Century Bed with its high grid headboard gives the wall a soft dimension. The artwork over the bed, an Anna Razumovskaya piece, provides a romantic and personal touch. The rug by Modern Nature breaks through the dark wood floors in an easy flow of pattern and color. With spectacular views of the intracoastal, Dumas and her clients accomplished a serene retreat in the master bedroom to end and start the day.

Elements by Design offers concept development, space planning and design and furniture, fabric selection and placement. Owner, Clemencia Dumas, focuses on the transformation of spaces into harmonious areas filled with beauty, personality, and practicality. She always strives to provide the highest quality of craftsmanship to make the design process an exciting and easy experience for her clients.

DESIGNER Alena Capra Alena Capra Designs Dania Beach, Fl , 305.772.6782 PHOTOGRAPHY Jennifer Reber he bedroom was designed to be an all white room with a clean, modern feel. To add interest to the all white space, we chose lots of textured accents, such as the white Elitis "Geisha" wallpaper, used on the wall behind the bed. Other elements include the faux mongolian fur bench with lucite legs at the foot of the custom bed. The beautiful dark wood cabinetry with high gloss white accents was used to add contrast to the whites as well, and tied in with the chocolate brown and white zebra pillows on the bed.

Alena Capra Designs is a full service interior design firm based in Dania Beach, Florida. Alena carved her niche in the design world by initially focusing her efforts on two areas of the home...the kitchen and bath. Eventually her design experience evolved into designing full interiors for homes throughout South Florida, as well as many commercial projects. She also has participated in various design showcases, including DCOTA's Around the World Showcase in Four Rooms Showcase in 2012, and the inaugural installation and Design Showcase at Coverings, Orlando, in 2010. Her work has been featured in Miami Design, Gold Coast Magazine, and Florida Decor magazines.

his Davie home was custom designed for a retired Hispanic couple who love to entertain frequently. They asked Interior Designer Perla Lichi to create a luxurious European style ambiance with all of today's comforts and amenities. The front entrance, with its well-manicured lawn, colorful flowers and gently swaying palms, bids a warm welcome to all who are invited to enter. The pool area is especially beautiful at the magic hour of early evening. Custom exterior lighting dramatically transforms this home into a true showplace.

The 9,285 square foot, two-level home has five bedrooms and five bathrooms. Twenty-four-foot ceilings with unique custom treatments highlight the rotunda, living room and family room. A feeling of grandeur is immediately established in the foyer where a magnificent custom staircase features wrought iron railing and custom trompe l'oeil Cuban scenes that personalize this European-styled home to the client's own heritage.

Custom architectural built-ins in the main feature areas of the home are rendered in rich mahogany. Crema marfil flooring throughout is enhanced with custom mosaic medallions in key areas. Custom designed area rugs accommodate the over-sized room sizes and define different living areas. Rich furnishings were selected in a Tuscany-Venetian color scheme. Window treatments throughout the home accommodate the grand proportions of the magnificent architecture.

The living room holds a grand piano. The fireplace is flanked by two mirrored niches especially lit to enhance the collectibles that are on display. Floor-to-ceiling windows enhance a majestic feature wall. The seating area is arranged over a custom bordered rug. The tray ceiling is elegantly lit, adding a special highlight to this large volume room The formal dining room that comfortably seats ten displays perfect symmetry and features a coffered ceiling design. A multi-colored marble countertop is one of the focal points of the bar adjacent to the family room. The piece de resistance in the bar area is a custom built-in aquarium that creates a constantly changing and naturally colorful visual highlight. - CONTINUED ON NEXT PAGE -

The office is a warm and inviting area. A custom built-in provides plenty of storage and display and the room also features a custom ceiling design.

(right page) Leather swivel bar stools and a multi-colored marble countertop highlight the bar that is between the family room and kitchen. The custom bar has ample closed storage above and below. A separate area for the bar was created with fluted wood columns. The piece de resistance in the bar area is a custom built-in aquarium that creates a constantly changing and naturally colorful visual highlight.

The breakfast room has a nice view of the waterfalls and garden. The breakfast area, defined within its own architectural pavilion, is highlighted with a triple tray octagonal ceiling, faux painted to coordinate with the rest of the home.

"We are versatile and can create any look to suit any lifestyle," Lichi explains. "The luxurious home featured on these pages is representative of our fascination with the opulence and elegance of the Old World. Skilled artisans were commissioned to create custom features including ceiling treatments, draperies and architectural built-ins." - END -
